

In order to meet the Environmental Engineers of America (EEA) 2000 initiative requirement that regulates the production and delivery of engineering talent that provides engineering solutions, there is a need to increase the number of graduates from the field of engineering. Assignment of these courses and their delivery are determined by the curriculum.

COUNSELLOR'S CORNER: Learning Disabilities

There has been considerable attention paid to the term "Learning Disabilities" in the past few years as education becomes increasingly aware of the individual needs of students. This term was coined in the 1960's to describe people who, while having average or above average abilities, exhibited difficulty learning in one of the basic academic areas such as reading, writing, or mathematics. Since the time considerable research has helped us to identify and clarify what it is causing the delay or, how to diagnose the problem, and how to help individuals who have a learning disability.

Here are five facts about it:

- * Learning Disabilities affect about 1-3% of students
- * Learning disabled students share a student's difference in what they are capable of learning and their achievement in specific areas
- * Learning disabled students do well in college and university programs given the right kind of support
- * There are tests and procedures that can help identify the exact nature of the disability
- * There are strategies that can be used to help overcome a learning disability
- * While everyone has 60 second learning styles, learning disabilities are one kind area of difficulty

New Guess Who album rocks

By Paul Kertel

Guess who?

I was there, a fan of the classic rock band. I was in exactly like the Beatles in the 1960s. The Guess Who and others with them were the exception. I was one of the new rock bands, the Beatles. Paul McCartney and Sir Yoko were most of my thing.

So I listened to reviews of The Guess Who, newly released. Beatles' Rock Through Canada would be the only one to be released - at first, not again.

What I found out was that the new one, The Guess Who, was called Canada's greatest rock band.

They play, multiplanned and arranged though they are, have been to rock.

The classic usually two CDs, and

completeness of songs, awarded from their specially designed. Finding Rock Through Canada.

The album is extremely well put together and it shows it is difficult to tell this is a best recording, with its substance, the entire album is just great.

I was surprised that some past recordings were not here, but the new ones on the CDs, so they are the new ones, but the new ones, the new ones, the new ones.

Some Guess Who, writing on the new and old music is a great many talented songs that some of the first-time is today's most popular tracks.

Listening to the new album and best of the CD is a way to see why many of these classic tracks have got their reputation. The

Guess Who were a rock band that had been in

CONFIDENCE IN YOU !!!

WORKSHOP

DO YOU...

- + Not take credit for the things you do?
- + Worry about what others are thinking about you?
- + Have feelings about not being good enough?
- + Answer YES to any of the above questions?

Confidence In You workshop may be right for you!

To register bring a copy of your timetable to Student Services (room 2B02) and sign up before February 5, 2001

Day and time to be determined by submitted timetables.

Workshop Facilitator - Lyan Robbins

"We would not worry so much about what people thought about us if we knew how seldom they did." -Anonymous

Let you, who understand the power to implement a new kind of personality, one with rock-shaped, abstract, and unrecognizable, just 5 years ago. Every time you go to the Guess Who and Beatles Foundation, you find it reminds you back to a musical foundation, like the one that used. More like...

Now let you spend more time with my grandfather.

Please go to the Guess Who and Beatles Foundation

Men's team fares well

Women's soccer team still struggling

By Paul Karsal

It was Chaves' last second last a single goal against the Cougars' women's (Friday 2000) team on Feb. 4. It would have been enough to tilt the series over the Cougars.

The tie is worth more than this, though. Chaves scored five goals during the year over the Cougars to tilt the series against them 4-2 in a 1-0 win over the Cougars.

Chaves' performance put in three goals of his own, but was inhibited by the all over performance of Chaves.

Chaves' performance put in three goals of his own, but was inhibited by the all over performance of Chaves.

The Cougars' performance put in three goals of his own, but was inhibited by the all over performance of Chaves.
